EXPERIENCE

Imagination, Detroit, MI — Production Coordinator

APRIL 2024 - PRESENT

At Imagination, my duties include vendor sourcing, purchase order writing, budget tracking, resource management, pre-production scheduling and on-site personnel management, all recorded and updated in the project workbook, the production department's central tracking document. On-site, I manage local contract labor, operate heavy machinery, install graphics, build and derig temporary structures, and ensure all elements are show-ready ahead of client arrival on-site. After a project, I work with the finance team on reconciliation, finalizing the tracking budget, as well as processing freelancer and contractor invoices.

(Projects Include: Mustang 60th Celebration, Visa Payments Forum '24, Raptor Rally, Aptiv Pavilion - CES '25, Motorsports Season Launch '25, Ford Pro Fleet Showcase, Visa Payments Forum '25, Raptor Rally 2.0)
